NUMBER 2.

Niles to be Hub of Criminal Net

SUB-STATION IS PROPOSED BY BECKER TO COVER THE ADJACENT COUNTRY

Establishment of a sub-station in Niles as a hub from which deputy sheriffs would operate throughout northern and southern Alameda county, is being planned by Sheriff Burton F. Becker, he told the Niles Chamber of Commerce at its weekly luncheon Tuesday.

At present, the sheriff pointed out, heavy traffic on East Fourteenth street and Foothills Boulevard handicaps officers in reaching scenes of crime east of Hayward. By operating out of Niles it would be possible for a few deputies to reach any point between Hayward and Livermore within a short time after the alarm is given.

If finances will permit, the Niles station may be the first of a series of sub-stations established throughout the county. In Los Angeles county, the sheriff said, six sub-stations were established about a year ago. These have proved so effective in combating crime that the number has been increased to 16.

Becker outlined conditions of filth and carelessness he found when he took over the jail and sheriff's office and explained how he and his associates were endeavoring to introduce modern methods of apprehending criminals.

WASHINGTON HIGH TRIMS SAN JOSE AT BASEBALL

We re-print the following from the "Hatchet", Washington High school's bi-weekly paper:

"The Varsity won the baseball game from San Jose by a score of 8 to 7. The lineup was as follows:

Pimentel, Catcher; Capt. Perry, Pitcher; Santos, First base; Nagari, Second Base; Takesake, Third Base; Muller, Shortstop; and Duarte, Swanson and Konda in the field.

San Jose held the lead until the fifth inning, when Perry got a nice hit, and Muller socked a home run.

The visitors brought their score up to seven in the seventh inning, with two runners on base, when Muller stepped on to the mound. The opposing team secured no more runs, and the game ended with Washington on the long end of the score.

The powers have decided to treat China more liberally—even if they have to lick her to do it.

Night School Proves Popular

WASHINGTON HIGH NIGHT SESSIONS PROVE A GREAT SUCCESS

F. T. Dusterberry of Centerville, President of the Board of Trustees of Washington Union High School, has given the following report on this year's work. He says:

The 1926-1927 Night School was opened at Washington Union High School on August 30, 1926, and will close for this term on April 28, 1927. The school during that time has been kept open to all residents of the community regardless of creed or nationality. More than 500 registered and some attended the full course while others attended long enough to get the fundamental principles of the subject in which they were interested and finished the course at home.

Seventeen classes were opened during the term: classes in Cooking, Sewing, Mechanical Drawing, Typing, Bookkeeping, Beginner's English, Elementary, Beginner's English Advanced, Citizenship, Arts and Crafts, Beginner's Spanish, Advanced Spanish, Manual Training, Auto Mechanics, Arithmetic, Business English, Public Speaking and Choral Music. The students ranged from illiterates to college graduates and were of American, Italian, Portuguese, Spanish, Philippine, German, English and French nationalities, and came from all parts of Washington Township, several from Hayward and Milpitas, and they ranged in age from sixteen to sixty-three.

Mr. Dusterberry is an untiring worker for everything for the good of the school, and is never too busy or tired to undertake things that will advance the interests of Washington Union High School.

SUNOL GIRLS JOIN UNIVERSITY OF CALIFORNIA SEWING CLASS

Under the direction of Mrs. Grace Henry, a sewing project class has been organized in the Sunol school with a membership of eleven girls. The club, which is being sponsored by the Extension Division of the University of California, will enter samples of its work in the annual competition in which winners are given free trips to the University Farm at Davis.

The following officers have been elected by the club: Bessie Monighetti, president; Elinda Silva, vice-president; Muri Hurley, secretary; May Egan, treasurer and Bernice Toscano, reporter.

PARENT-TEACHER CONVENTION AT HAYWARD ENJOYED BY MANY

The Sixteenth Annual Convention of the Second District, California Congress of Parents and Teachers, which has been going on at Hayward this week, was enjoyed by thousands of interested parents and teachers. In session April 5, 6 and 7th, it gave opportunity for most of those within the district to go. The program was an extensive one and was participated in by many prominent educators of the state, including Mr. William J. Cooper, State Superintendent of Public Instruction.

Among those who attended from Niles were Mrs. Gowan and Mrs. Braun and Mr. and Mrs. J. E. Townsend. Mrs. Townsend is head of the Niles P. T. A. Of course Prof. E. D. Bristow was there, along with other Washington Township teachers. He and Mr. and Mrs. Townsend enjoyed dinner at the Hayward High School Auditorium on Tuesday evening.

Washington Union High School P. T. A. was represented by a number of teachers and ladies interested in the work, among them Mrs. F. R. Robie, prominent Alameda woman and president of the Washington High association.

FORMER NILES RESIDENT WILL SPEAK AT GUILD

At the Ladies' Guild on Wednesday afternoon, April 13th, a large attendance is anticipated, as a welcome for Mrs. Baldwin and her daughter, Mrs. E. B. Kientz, former residents in Niles and active in the Guild and in the general work of the Congregational Church.

In the Federation of Congregational Women of the Northern Conference of California, Mrs. Kientz holds the position of Cradle Roll Secretary, and will speak upon that branch of the Federation's activities. Friends of Mrs. Baldwin and Mrs. Kientz and all Guild members, both former and present, are most cordially invited to come to this meeting on Wednesday afternoon.

WASHINGTON HIGH STUDENTS WILL ATTEND SCHOLARSHIP CONVENTION

A number of students of the Washington Union High School are planning on attending the convention of the Scholarship Society at Fresno on Saturday. They will be accompanied by Miss Barnard and Mr. Pierce. Saturday morning they expect to go through the Fresno High School, and after luncheon will take up a Round Table discussion of matters pertaining to the society.

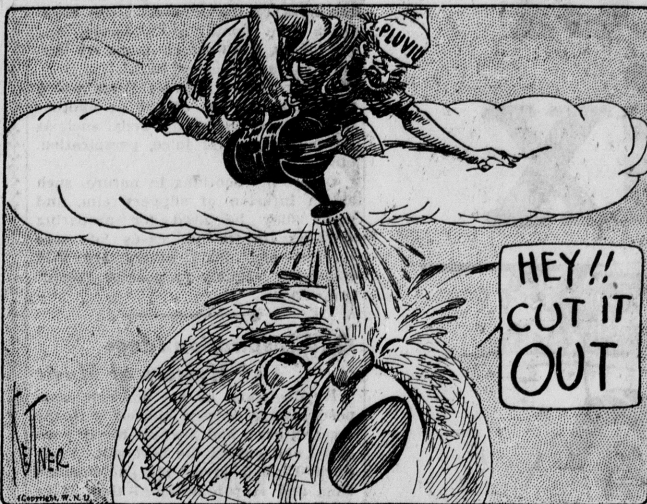

ORATORICAL CONTEST ENTERED BY YOUNG PEOPLE

The Triangle C. E. has voted to enter the County, State and National contest for the best orator on the subject, "Christian Endeavor." Eight young people will compete here, to see who will represent the local group in the county contest, to be held at San Leandro on April 24. If successful there the Niles contestant will compete in a District contest for Northern California. District winners will have expenses paid to Santa Ana where they will compete in a State contest to see who will be honored with a trip to the National Christian Endeavor Convention at Cleveland.

FINE C. E. MEETING

Features of an exceptionally fine meeting of the Triangle C. E. were: 1—A well led devotional meeting by Miss Daisy Mendenhall. 2—Good games and refreshing refreshments. 3—A talk on Christian Endeavor work in China by one who has observed it first hand, Miss Chittenden. Miss Chittenden is making a short stay in Niles and the Christian Endeavorers were glad to have the privilege of listening to her viewpoints on the situation there. Several guests were present for the meeting.

April Showers

Decoto to Seek Sewer District

SEWER DISTRICT MAY BE FORMED AT DECOTO

On account of the increasing population of the city as well as the surrounding territory, the Decoto Chamber of Commerce is sounding out the sentiment of the community, in regard to the formation of a sewer district there.

Under the leadership of the Chamber of Commerce, of which Peter Decoto is president and Roland Bendel is secretary, Decoto is making ready to become an important rural center. Even now it is growing faster than any other town in Washington Township, and as its industries grow and increase, its growth will be faster. Clay manufacturing is one of the important industries there, the Kraft tile company plant, owned by the International Wood Products Co., being the latest addition to industrial ranks.

NATIONAL GUARD TO GIVE WHIST PARTY SOON

Company F, 159th Infantry, California National Guard, with headquarters at Hayward, are giving a Military Whist party at their Armory, Native Sons Building, Hayward, Friday night, April 22nd. This party after viewing the prizes in the window of the Frank Electric Store, we feel will be one of the largest and best ever given in the southern part of Alameda County. Prizes to the amount of one hundred are on display and are valued up to \$25.00. It will be well to get tickets early assuring a seat. Tickets can be had in Niles at Trincheros Grocery; in Hayward at Bank of Italy, Bedford Market, Daylight Barber Shop, Frank Electric, Corrie & Yoeman.

WASHINGTON HIGH SCHOOL TO PLAY HAYWARD APRIL 22 AT HOME

The Washington Varsity will play Hayward on the home diamond on April 22.

Hayward beat the Orange and Black at Hayward, and if they win the coming game, they will play Alameda for the championship of the "B" division of the C. I. F., but if Washington wins, which we surely will try, we will play Hayward again to break the tie.

Everyone should be out to back the team. All the boys are in good condition and eager to go, so come out and help them win!

ANNUAL MAY FETE TO TAKE PLACE AT WASHINGTON HIGH ON MAY 6TH

The annual May Day Fete will be held at the Washington High School on Friday, May 6.

All schools in Washington Township will be present on this day. In the morning, baseball games will be played and during the noon hour the schools will get together and sing a few songs. In the afternoon all the track events will be run off, including the baseball throw for both boys and girls.

Last year the Boys' Service Club had charge of the different events and the field meet was run off with less confusion than before. This year the club has offered their services again, and we hope that the meet will be as much of a success this year as it was last year.

Irvington May Secure Cannery

CANNERY MAY BE BUILT AT IRVINGTON

Through the efforts of the Irvington Chamber of Commerce and the Western Pacific Railroad, a large cannery for packing fruits and vegetables may be brought to Irvington this summer, according to J. R. Stevenson, secretary of the commercial body.

The Western Pacific is said to be negotiating with several companies that are interested in Irvington and surrounding country. As the railroad owns a tract of land near its depot in Irvington, a free factory site with a side track running into the new plant is being held out as an inducement.

NILES MAKES RECORD FOR NO ARRESTS OR JAILINGS

Thanks to the excellent patrolmanship under Jack Goldner, Niles has made a record that will probably stand for some time, for lawfulness within its borders. For beginning April 1, 1926, for one year there have been no serious crimes committed within its borders. No resident of Niles has been put in jail, and the petty crimes that have taken place in the city have all been by outsiders—and most of them have been caught forthwith. Of course a number of arrests have been made by Patrolman Goldner, but it was before any serious crimes were committed. How many serious crimes have been prevented by Goldner's promptness, cannot be told, but they certainly would reach a large number. For instance the man arrested last week, Leon Garcia, turned out to be an old offender, said Mr. Goldner. He had been in jail several times. Goldner says that before he had been in jail a day he began telling of other jails he had visited as the guest of the authorities. Other men that have been picked up in Niles have turned out to be criminals, as for instance one was one of the bank robbers that held up an East Bay bank.

Niles, being a railroad division point, gets lots of outside thugs and robbers that are prevented from carrying on their nefarious calling by our local patrolman, and all things considered, last years record is a remarkable one.

Southern Pacific Gets 15 Unwilling Passengers

A bunch of 15 Mexicans who disembarked from a freight train the other morning intending to make Niles their headquarters, were gently headed toward Livermore, where they said they were going, by Patrolman Jack Goldner. They protested and even began to talk threateningly in the darkness of early morning, but Jack herded them over to the Southern Pacific station and made them take the east bound train away from our community.

Parent-Teacher Association Notes

The regular monthly P. T. A. meeting will not be held next Tuesday on account of school being closed. It will be held the following Tuesday, April 19, at 2:30 p. m. The election of officers for the Fall semester will take place, also reports will be given by the delegates to the State convention which is taking place this week at Hayward. All members are requested to be there to show their interest.

MANUAL TRAINING BUILDING AT HIGH SCHOOL IS APPROVED BY TRUSTEES

The board of trustees of the Washington High school has approved the new manual training shop and class rooms recently completed next the school.

The board, which consists of Jos. Rogers of Mission, Clay Brewer of Irvington, Fred T. Dusterberry of Centerville, Mr. Bettescourt of Alameda, and F. V. Jones, Secretary, of Niles, finds that the new room will relieve the congestion at the school to a marked degree. It cost \$25,000, and is of the same type of architecture as the remainder of the school.

Thus far the building is being used by the mechanical drawing students, the printing classes, and some others. The building is not entirely finished inside, but there is plenty of room in which to carry on the school work—something that could not be said of the old building.

Jack Lowrie, of Centerville, has returned from his studies at the Oregon Agricultural College, and is now working. He hopes to enter the University of California next June.

Dayle Langdon has left San Jose State Normal and is training to be a nurse at the San Jose Hospital, where she enjoys the work very much.

WASHINGTON HIGH SCHOOL HAS LONG HONOR ROLL

Nina Hiller and Jeanette Porter Win Five Ones Each

Members of the Honor Roll at the Washington High School have been announced, and are:

Nina Hiller and Jeanette Porter head the roll with five Ones each. Others who stand lower on the roll are:

Freshmen—Ramon Barnum, Ruth Fuller, Alice Lemas, Mary Lucas, Ruth Maw, Adelyn Rathbun, George Robinson, Elizabeth Shinn, Elsie Sutter, Marie White and Ed Witherly.

Sophomores—Madeline Azevedo, Katherine Bancho, Otello Bellini, Mary Beveridge, Orville Bloise, Mary Caldeira, Vernon Ichisaka, Irene Tasky, Bernice Lindebeck, Mildred Savley, Eva Teeter, Dorothea Willis.

Juniors—Evelyn Amaral, Helen Andrade, Florence Aust, Buford Amyx, Percy Broberg, Lillian Cesar, Charles Dana, Ina Hiller, Daisy Mendenhall, Carolyn Overacker, Margaret Sinclair, Margaret White.

Mr. C. Atwood spent his week's vacation at home, returning Monday to Stanford.

Mrs. O. Stevenson of Santa Maria spent a day or so with friends here this week.

The "Broken Drum" served a large number on the opening day, Sunday, —real Southern cooking. It is done by two colored "Mammies"—chicken, boiled ham and real cornbread that "can't be beat."

Mrs. Evelyn Chandler spent last week with friends in Oakland.

Mrs. Frank Dusterberry entertained Mrs. Edward Dexter Knight at luncheon on Tuesday.

St. James Guild was entertained by Mrs. J. Stevenson and Mrs. K. Oakes. Spring flowers made the hall very attractive. Two sewing machines were kept busy on Lenten work. It will require another days work to finish. A memorial for Mrs. Mary Smith is to be given on Easter, the Guild contributing as a whole toward it. The balance will be given by her many friends.

St. James Guild will give a card party April 22nd, (Friday evening). It will be held at Memorial Hall.

The next meeting of St. James Guild will be held on April 11th—hostess, Mrs. F. O. Bunting.

Two weeks from Sunday the Triangle C. E. of the Niles Congregational Church expects to be hosts to a group from the Ocean View Congregational Church of San Francisco. The minister, the Rev. Floyd Green, is bringing a number of his leading young people over here to observe at first hand the program of the local Triangle C. E.

Another church in San Francisco has adopted the plan of combining the worship period of the Church School and the Church as worked out by the minister of the local church, Rev. A. W. Seebart.

These three instances furnish the evidence that the unusual and highly successful program sponsored by the people of the local church is attracting the serious attention and study of leaders throughout this district who are facing problems which the people here are finding solutions for.

Camp Fire Girls Visit Niles Home

NILES HOME GURAD READY FOR WAR

By John D. Howe, Niles

The Talaki Camp Fire Girls of Niles, under the leadership of their Worthy President, recently paid a friendly visit to the Niles Home; had their pictures taken, and put over an excellent program for the benefit of the guests, after which refreshments were served. A number of the girls, as well as others at Oakland and Alameda, sent birthday cards and congratulations to Mrs. Helen Eaton, the Home's "Little Mother," one of the cards being addressed to her at "Niles Home for Ages."

As the girls had promised to come again in the near future, they were requested to postpone their visit until things got back to normalcy, owing to the sudden death of Mrs. Shults, the Home's House-Mother.

In a communication sent them by the Major General Commanding the Home Guards and Naval Forces, the girls were asked to give 24 hours notice before embarking in their conoes and attacking, that the women and children might be removed to a place of safety, the doughboys given a chance to dig in deep, the light and heavy artillery placed in position on the foothills, submarines and airplanes under and above sea-level, an opportunity to send to Livermore for a supply of tear-bombs and laughing gas, since the defending forces are not inclined to cease firing until after the battle has been fought to a finish. The girls were advised to visit the Niles Public Library and have Mrs. Murray look up what Sherman said about war. The Secretary has accepted the defi, but says that the girls cannot express themselves as Sherman did, that being against their tribal customs. It is said the citizens of Niles may soon expect to hear much cheering and the roar of heavy guns, enough of the latter to break every pane of glass in town. As matters stand at this writing, both armies are resting on their arms, anxiously awaiting the battle cry "WOHELO!" and "HUH YAH!"

DECOTO NEWS

Friday afternoon, a chimney fire in the residence of M. O. Silva, First and G streets, called out the Decoto Fire Department to extinguish the flames. Prompt work prevented the blaze from spreading to the roof.

This is the seventeenth fire the Decoto Fire Department has responded to since its organization in July of 1925.

Legion to Honor Former Leaders

AMERICAN LEGION TO ENTERTAIN PAST COMMANDERS

Next Tuesday evening Washington Township Post of the American Legion will entertain its Past Commanders at a banquet. No formal program will be given at that time but plans will be made for the big dinner dance to be given by the post at the Garden of Allah on April 26. The committee in charge being Walter Martenstein, E. D. Bristow and Roland Bendel.

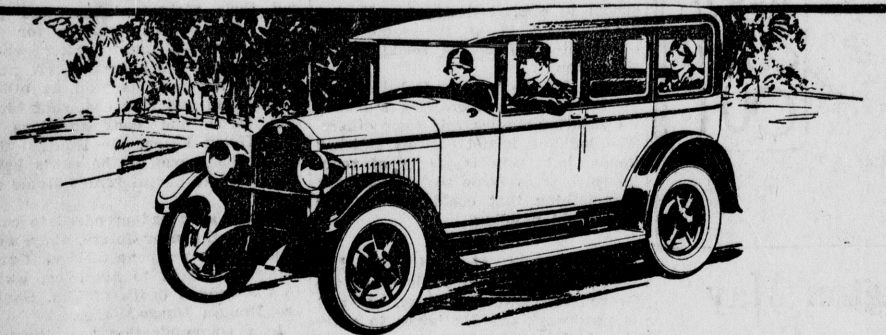

LOCAL CHURCH ATTRACTS WIDE ATTENTION

Two weeks ago a delegation came from San Jose to secure some one or a group of persons to come up there and give first hand information concerning the unique and successful projects which are being carried through in the local Congregational church. In response to the invitation the following persons motored to San Jose Tuesday afternoon, namely, Miss Martha Sanford, Mrs. E. A. Ellsworth and Mrs. A. W. Seebart. The more interesting and outstanding features of the local church's work such as Church Family Night, Young Peoples Work, Church School methods and features of the church service were explained to the San Jose body. Miss Sanford was the main speaker while other members of the delegation contributed their share.

William Wrigley the chewing gum king, is like Henry Ford in one respect, he can get \$50,000 worth of free advertising to the amount of about a million dollars for every \$50,000 he gives away.

than some of those we will hear.

An Ancient Symbol of Hospitality

A PICTURESQUE old rectory in Rhode Island was recently being restored. Covered with vines, its colors mellowed by age, so the rectory had stood for over one hundred years. The north doorway on this old home was formerly the doorway of the French Admiral deTernay, and is one of the famous carved doorways of New England. When the dust of years was brushed from the ancient carvings and the central ornament disclosed, it proved to be a pineapple.

Only one other similar doorway is still in existence—that on the old State House on Washington Square. Commenting upon his architectural design a writer of "Parish Tidings" says:

"The pineapple in the midst is an ancient symbol of hospitality, and no symbol of hospitality must be allowed to decay over the doorway of a priest, whose doors must always be open to the sheep of the flock. May the old pineapple be a true symbol of a real welcome for many years to come!"

Today, the pineapple on the table symbolizes hospitality. Much of the beauty of old doorways has been lost, but the spirit of hospitality is still fostered, and the hostess who serves pineapple extends to the guest within the door, an ancient warmth of greeting.

The newest aid to the hostess who serves pineapple are Hawaiian pineapple "tid-bits". They are made from the same sun-kissed Hawaiian pineapple as the sliced or crushed product, and they lend themselves to dishes in which smaller pieces of pineapple are preferable to larger pieces.

Here are some delightful ways of serving pineapple tid-bit:

Pineapple Waldorf Salad—Pars-

quarter and core three apples and cut into tiny cubes. Add medium size can of Hawaiian pineapple tidbits, one-fourth cup walnuts broken in pieces and one-half cup celery cut in thin inch-long slices. Mix with thick mayonnaise dressing and serve on lettuce.

Baked Pineapple Tomatoes—Scoop out centers of six uniform-sized tomatoes. Chop six slices crisp bacon, tomato center, and one onion. Add medium size can of Hawaiian pineapple tid-bits, and enough bread crumbs to make the right consistency to stuff into the shells. Cover with more crumbs and grated cheese. Bake in a hot oven (500 degrees) for twenty minutes.

Many Kinds of Bark in Use as Medicine

The United States Pharmacopoeia lists 17 kinds of bark used in medicine. There are, however, no less than 35 kinds of bark altogether grown in America which are more or less widely used for preparing simple, homemade remedies, although only 17 are classed as "officials."

Some are valued, for example, as febrifuges, chief of which, of course, is the Peruvian bark or cinchona, to which the world owes the priceless boon of quinine.

A second class includes those which exert a cathartic or laxative effect, and of these the most highly prized is the bark of the graceful little buckthorn tree found in California, and known by its Spanish name of cascara sagrada (sacred bark).

A third class includes those which stimulate the flow of one or another of the secretions of the body, such as the saliva, gastric juice, perspiration, mucus, etc.

Others are soothing in nature, such as an infusion of slippery elm, and many may be used for preparing soothing drafts in cases of sore throats, etc. Still others are said somewhat vaguely to possess "tonic" properties.

Odd Inspiration Ideas

of Masters of Music

Haydn, when he sat down to compose, always dressed himself with the greatest care, had his hair nicely powdered and put on his best suit. Frederick II had given him a diamond ring, and Haydn declared that, if he happened to begin without it, he could not summon a single idea. He could write only on the finest paper, and was as particular in forming his notes as if he had been engraving them on copper.

Gluck, when he felt inspired to compose, had his piano carried into a beautiful meadow and, with a bottle of champagne on either side of him, composed divinely.

Paesillo composed his "Barbiere di Siviglia" and "La Mollinara" in bed.

Sachini declared that he never had a moment of inspiration, unless his two favorite cats were sitting one on each shoulder.—Market for Exchange.

He Doesn't Call Now

The thrifty young man often called on a certain girl, but had never taken her to a theater, or movie, or even out to tea.

The family had noticed and often commented on what they termed his "stinginess," and all before the girl's ten-year-old brother.

One chilly night the youngster was in the drawing room when the thrifty young man was present. The caller, who was sitting close to the fire, said suddenly:

"Oh, how I love to sit before your fire and think, think—"

Like a flash came an interruption from the ten-year-old:

"Think—think of how you are saving money by sitting here."

You can't tell how far a frog will jump, nor a woman's age by looks.

Modern taste revels in the goodness of Camel

SMOKERS of today—the most particular and hardest to please—find their smoking wishes realized in the mellow goodness of Camels. They demand the choicest Turkish and Domestic tobaccos, and find them in Camel gloriously blended. Modern smokers put Camel ahead of all other cigarettes.

You should know the mildness, the mellowness that brings enjoyment to present-day smokers. You'll find it in Camel—every good point that could be looked for in a cigarette.

It's the modern favorite. "Have a Camel!"
